

Please maintain the current policy of not allowing cross ownership of TV, Radio, Cable, and Newspapers in the same town.

This country was built on the promise of one man one vote, well when it comes to freedom and diverse information sources, it's one company one media outlet.

Please don't follow the policy of what's good for GM (or AOL TimeWarner, Viacom, or News Corp.) is good for America. Please embrace the philosophy of what's good for americans is good for america.

Thank you, and God bless America.
